Re: Gohmert – His Failure To Uphold His Oath of Office

Dear Louie:

Why, when Fox New needs some idiot to show up and spout the latest malicious political bullshit, does someone impersonating my bald pointy eared wingnut representative from Tyler appear readily spouting the latest republican talking point designed to mislead the uneducated while slowly destroying our democracy. Good God man – you were a District Judge? I can only imagine the trail of wreckage you left in your wake.

Fire Robert Muller? Are you insane? Do you have a sugar-daddy Oligarch you are worried about offending. Why in the hell would you, a man who supposedly took an oath to Uphold the Laws of the United States – actively be complicit in a conspiracy to undermine the faithful execution of the laws of our country by suggesting the Special Counsel be fired?

I've overlooked most of your idiocy from "terror babies" on, but you cross the line when you become a knowing, acting participant in a conspiracy to malign the Special Counsel and goad the president in firing him to obstruct the faithful execution of his investigation into whether our president conspired with our enemy, Russia, to gain advantage in the 2016 election and then obstructed justice in attempt to cover it up.

We are a country of laws. No man is above the law and no man is below it; nor do we ask any man's permission when we require him to obey it. Obedience to the law is demanded as a right; not asked as a favor.

Very truly yours,

David C. Rankin, J.D., P.E.
